**DETAILED ACTION**

***Response to Amendment***

The examiner is in receipt of applicant's response to office action mailed 12/22/2009, which was received 3/22/2010. Acknowledgement is made to the amendment to claims 16,18, the cancellation of claims 1-15,21,22 and the addition of claims 23-30. Applicant's remarks and amendment have been carefully considered and were found to be persuasive with the addition of the subject matter added below in the examiner's amendment. Therefore the following reasons for allowance follows:

**EXAMINER'S AMENDMENT**

An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Mr. Michael Hsu on 7/16/2010.

The application has been amended as follows:

Cancel claims 27-30.

Delete claims 16,18,19, and 23 and insert the following:

--16. (Currently Amended) A system comprising:

a web server; and

an integrated shipping server hosted by a ~~third-party~~ third-party payment service,  
linked in communication with the web server,

the web server and integrated shipping server, acting as an intermediary server  
between a sender and a shipping vendor, comprising software instructions that when  
executed enable the sender to arrange for shipment of a package to a recipient via the  
shipping vendor by performing operations, by the integrated shipping server, including:

generating and serving web pages via which shipping information including  
sender address is automatically entered into the web pages based on a current user  
session and an applicable mode, the shipping information being listed with the third-  
party payment service;

registering the sender with the shipping vendor based on the shipping  
information;

arranging for the shipment of the package via the shipping vendor, as the  
sender's a proxy of the sender;

interacting with an on-line interface hosted by the shipping vendor, as if an  
individual user is directly accessing the on-line interface;

receiving shipping data pertaining to the shipment from the shipping vendor, said  
the shipping data including data corresponding to a shipping label; and

generating and serving a web page via which the shipping label may be printed.--

--18. (Currently Amended) The system of claim 17, wherein the system is configured to be operable by a third-party payment service for which the seller has an account, and facilitating payment of the shipment comprises:

providing payment from the third-party payment service to the shipping vendor;  
and

deducting a shipping cost of the shipment from the seller's a third-party payment service account of the seller.--

--19. (Currently Amended) The system of claim 18, wherein payment from the third-party payment service to the shipping vendor is facilitated via interaction between the payment server and a debit/credit card authorization/settlement network.--

--23. (Currently Amended) The system of claim 20, wherein the virtual debit card is associated with the third-party third-party payment service.--

### ***Reasons For Allowance***

The following is an examiner's statement of reasons for allowance:

The present invention is directed to a system whereby a third-party payment processor stores information related to a sender to enable registration of the sender with the shipper using the session ID and mode of the sender, inter alia, "generating and serving web pages via which shipping information including sender address is automatically entered into the web pages based on a current user session and an applicable mode, the shipping information being listed with the third-party payment service;

registering the sender with the shipping vendor based on the shipping information". The current art of record does not fairly teach or disclose these features in light of the claim as a whole.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
